

Cosmic Solutions Ltd opens new division in the Americas!

Cosmic Solutions Limited (aka "Cosmic") is proud to announce the formation of **Cosmic Solutions Americas LLC (aka "Cosmic Americas")**, based in Norwalk, Connecticut. The establishment of Cosmic Americas reflects Cosmic's increasingly successful global expansion, and underlines our aspiration to offer the highest level of service to our customers in all countries.

Background on the formation of Cosmic Americas

Cosmic Americas is the most recent addition to our growing global presence. The "Americas" (North, Central, South America, as well as the Caribbean) are key growth areas for our company; we are pleased we now possess the additional resources requisite to develop these strategic markets.

We welcome Wayne Van Wart and Jason Marcus Beck to the Cosmic team. Wayne enjoyed a successful 30-year career with Unilever, progressing through a multitude of senior level positions. His wealth of knowledge in not only Consumer Packaged Goods (CPG), but also Category Management specifically, will provide the insight and wisdom necessary for our organization to grow and prosper in this region.

Jason, most recently working at Diageo North America, has 13 years experience in the CPG industry. His 6 years experience in Category Management, as well as an MBA in International Business and fluency in Spanish, will provide complementary skills and experience for this new venture.

Background on Cosmic

Cosmic is the leading supplier of category management and profitability planning services to the CPG sector. Since 1992, Cosmic has worked with many of the world's largest manufacturers, helping them to increase the performance of their products and accounts. We offer a fully integrated range of Category Management solutions based on our extensive knowledge of the industry and our powerful software.

We offer expertise and solutions in the following areas:

- > Category and Assortment Planning
- > Customer, Account, and Brand Profitability
- > Promotional Evaluation
- > Forecasting and Planning
- > Data Consolidation and Analysis
- > Training & Support
- > Consultancy
